Job/Location: _____

Contractor: _____ Prepared By: _____

Model Number: _____ Date: _____

UV resistant polycarbonate lens

Vandal resistant design

NEMA 4X / Wet location

Gasket with memory retention

Up to 2 x 50W halogen or 7W LED lamps

Fully enclosed lamp heads eliminate any unwanted tampering or re-positioning

EXTERNAL SPECIFICATIONS

The **BOLLA WP** remote is designed to withstand the elements and abuse in applications such as schools, corridors, institutions and apartment complexes. The die-cast aluminum body and polycarbonate lens offer protection and superior performance. Tamper resistant screws are standard and ensure the integrity of the battery unit.

NEMA 4X DESIGN

The **BOLLA WP** has been designed to perform in applications where the environment would punish any standard remote. The entire internal cavity of the sign is protected from moisture ingress by an extremely resilient gasket.

MECHANICAL SPECIFICATIONS

The **BOLLA** remote is constructed of powder coated die-cast aluminum mounting plate with an impact resistant polycarbonate protective lens. The **BOLLA** mounting plate is standard in an attractive powder coated silver grey finish. Other colors are available, including custom color matching.

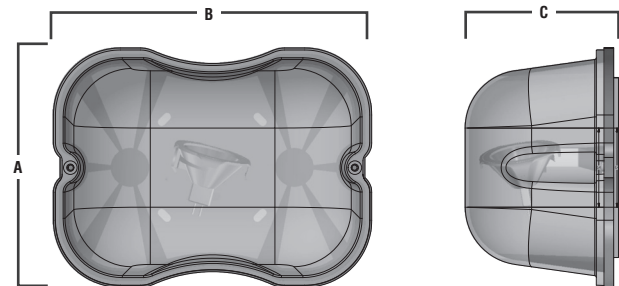

INSTALLATION

The **BOLLA WP** series remote is supplied with a universal mounting plate for surface ceiling or wall mount applications. Suitable for indoor, outdoor, damp or wet location applications with NEMA 4X protection. The operating temperature is -40°C to +40°C.

C

The **BOLLA WP** series is available with high output LED, MR16 or GU10 lamps.
