

QUESTIONS OR CONCERNS CONTACT CANARM AT:

1-800-265-1833 (English)

1-800-567-2513 (French)

Monday through Friday 8:00 AM to 5:00 PM E.S.T.

TOOLS AND MATERIALS REQUIRED:

SAFETY PRECAUTIONS:

1. TURN OFF ELECTRICAL POWER BEFORE STARTING INSTALLATION OF LIGHT FIXTURE.

2. ELECTRICAL CONNECTIONS MUST COMPLY WITH LOCAL CODE ORDINANCES OR NATIONAL ELECTRICAL CODES.

NOTE: Product May Not Look Exactly As Shown In Figures.

INSTALLATION:

OPTION #1

OPTION #1

(For fans without removable switch housing cap)

1. Remove switch housing from the fan by unscrewing the three screws.
2. Remove the threaded plug from the center of the cover.
3. Screw the switch housing onto the light kit stud, turning lock to tighten. Secure with washer (not provided).
4. Connect the light kit lead wires to switch housing wires labeled "For Light", white to white and blue/red to black.
5. Tuck wires back into switch housing and secure switch housing to the fan with screws removed in step 1.

OPTION #2

OPTION #2

(For fans with removable switch housing cap)

1. Remove switch housing cap from the fan by unscrewing the three screws (cap may be required in the future if light kit is removed).
2. Remove light kit housing cover and discard.
3. Connect the light kit lead wires to switch housing wires labeled "For Light", white to white and blue/red to black.
4. Tuck wires back into switch housing and secure light kit to switch housing with screws removed in step 1.

*On some fixtures, a tool is included to attach the spinner nut.

Install proper bulb type and wattage identified on the light kit or shade.
Place shade(s) on light kit.
