#### INSTALLATION

Elite LED Retrofits come standard with quick connectors ready for installation in Elite Lighting's LD series recessed housing that are Energy Star and Title 24 rated (LD4IC-AT, LD5IC, LD6IC-AT).

You MUST seal all gaps between the ceiling and fixture with weatherproof silicone sealant. This deters moisture and water from damaging fixtures and other mechanical ceiling elements.

#### FEATURES

The RJL Quick Fit downlight combines a residential remodel can plus a trim in one fixture. The driver and junction box are integral to the fixture and the Quick Fit does not require a recessed housing for installation, making it ideal for applications where ceiling or top access is not available to service these luminaires. An easy 5-Color SeleCCTor switch allows the contractor to easily switch between color temperatures in the field. The Quick Fit is ideal for new construction or remodel applications including hospitality, retail, light commercial, and high-end residential.
