

Straight Blade Devices

VALISE® Plugs and Connectors

Features and Benefits

Two captive multiple drive assembly screws.

Totally insulated impact and crush resistant nylon body.

Nylon webs are provided to make wiring quick and easy by joining the three sections together during assembly.

Unique patented clamp type terminals provide a superior electrical connection by "bundling" the conductor strands when clamps are tightened.

8 specially designed load bearing locking lugs insure a positive fit as the blade holder and sides are closed.

Powerful cord grips prevent conductor slippage and strain on wiring terminals.

Removable cord inserts. Device accommodates a wide range of cord sizes – .220"-.660" (5.6-16.8).

Straight Blade Devices

2 Pole, 3 Wire Grounding

15 and 20 Ampere, 125 Volts
