

Hubbell Raceway Systems Painted Steel Plates

Hubbell Wiring Systems painted steel plates are available with multiple gangs and common configurations. The painted steel plates are made from .031 cold rolled steel with a powder coat paint process, which provides a durable and aesthetically pleasing product line. The product line is available in almond and gray colors.

- An excellent alternative to nylon or stainless steel plates.
- Almond and gray plates match wiring devices and complement industry standard metal raceway Ivory and Gray.
- Product includes painted screws and is packaged and sold either individually or in a carton quantity.
- Plates can be used on standard nema boxes.
- CSA US and CSA Certified.

Nobody delivers like Hubbell Commercial Solutions
