

Multipendant LED Lamp

MP10305

INSTALLATION SHEET

START FROM HERE

- Make sure power is completely off at the fuse box.
- Have your fixture installed by a qualified licensed electrician
- Prepare everything in a clear area.
- Wear gloves at all times during this installation.
- Read instructions carefully before you start assembly.
- Keep this instruction sheet for future reference.

Technical Support: 1-877-452-6858

Please Note:

- All Kuzco LED fixtures come with pre-wired LED module(s).
- Unless instructed to do so, please do not touch any part of the LED module(s) as any unnecessary contact with the module could cause permanent damage.
- For dimming, an ELV (Electronic Low Voltage) type of dimmer is required.

CAUTION: HEAVY FIXTURE, THE JUNCTION BOX NEEDS TO BE REINFORCED BEFORE INSTALLATION.

1. Remove the fixture from its original packaging. Remove the canopy mounting plate (1d) from within the canopy (2a) by removing the decorative nuts (2b). Secure the mounting plate (1d) to the reinforced junction box (1a) with screws (1g). For additional support add four wood (1f) screws to plastic anchors (1c) in the ceiling.
2. Attach the fixture to the mounting plate, which is attached to the electrical junction box on the ceiling. First connect all wires correctly G ground to ground, N neutral wire (white to white), L live wire (black to black) with provided marettes (1b) from the hardware package. Align the threaded studs (1e) hanging downward from the mounting plate (1c) to the holes inside the canopy (2a). Push the canopy (2a) up towards the ceiling so the threaded studs (1e) clears through the holes in the canopy (2a). Next, thread the decorative nuts (2b) this will secure the canopy (2a) to the mounting plate (1c).
3. Set the fixture hanging height (120" maximum), loosen the wire lock nut (2c) at the canopy (2a) where the wire comes out from. Push the wire up to shorten, or pull the wire down to lengthen. When you have selected your desired length, just tighten back the nut (2c) and the wire will be held tightly in place.
4. You have now completed the installation of your fixture, enjoy.
