Type

Project

Catalog No.

Notes

PRODUCT DESCRIPTION

Extruded aluminum LED track fixture. 2 mounting points distribute weight and keep the fixtures in a visual parallel line to track for architectural appeal and even light distribution. Architectural design allows venting out the back for cool operation.

FEATURES

- 4460lm / 66W LED package
- 3000K or 4000K @ 80+ CRI
- Heavy duty die cast aluminum body with die cast end caps
- Low profile, aesthetic design
- Optional louver provides optimum performance and cutoff for increased aesthetics and light control.
- Integral high power factor dimmable driver
- High-strength stainless steel electrical contacts
- One or two circuit track capable
- Dimmable

CONSTRUCTION

Housing: Main body consists of die cast aluminum terminating at two .10 die cast aluminum end caps, permanently welded to fixture body. Luminaire has two track mounting adapters; one is electrified and the other is non-electrical and provides support.

Aiming: Fixture can be mounted anywhere along the track, but only has 90° vertical adjustment

Lens: Includes frosted lens diffuses LED diode and provides even light distribution

ELECTRICAL

Input Voltage: 120V

Lumens / Wattage: 4460lm / 66W

Color Temperature: 3000K or 4000K

CRI: 80

Dimming: Triac or ELV

[Click Here](#) or check complete dimmer list at www.NoraLighting.com in the "Compatibility" page under "Resources" tab

One / Two Circuit Conversion: Positive contact (opposite neutral and ground contacts) is preset to "down" position at factory, but may be raised to the higher position to install onto the second circuit of Nora Lighting NT-2300 series two-circuit track.

Accessories: Luminaire can accommodate louver, no accessory holder is required.
