

NTLE-213

Versa Wireback w/ Dimmable Electronic Transformer
Lamp: 3W-50W MR16

Type
Project
Catalog No.
Notes

PRODUCT DESCRIPTION

Low voltage die cast aluminum designer MR16 fixtures with round wire mesh face. Single stem conceals wiring and provides full adjustment of light source for special aiming. DUal tightening knobs assure secure lock on vertical angle position internal friction provides secure lateral lamp position.

FEATURES

- Compatible with Electronic or Halogen MR16 lamps
- Die cast aluminum rear body provides superior strength and rigidity
- Low profile, aesthetic design
- Adjustable stem for custom aiming
- High-strength stainless steel electrical contacts
- One or two circuit track capable

CONSTRUCTION

Housing: Main body consists of .025 wire screen cone terminating at a .025 finishing trim. Small end of cone allows for screw attachment to rear body of fixture. Rear portion of fixture is constructed of .090 die cast aluminum with vented rear providing design feature and heat dissipation and escape.

Stem: .065 Die cast aluminum stem connects fixture housing to electrical contact head. Lead wire is completely concealed from view within stem. Dual plastic angle tightening knobs maintain clean, decorative appearance of the fixture and provide secure angle position.

Wiring: Teflon coated wire lead connects socket and housing to electrical contact head. Teflon coating is durable and resists heat degradation from lamp and housing radiation

ELECTRICAL

Voltage: 120V input / 12V output
Transformer: Electronic
Socket: GU5.3
Lamp: 3W-50W MR16 (Halogen or LED)
Dimming: ELV

ONE/TWO CIRCUIT CONVERSION

Positive contact (opposite neutral and ground contacts) is preset to “down” position at factory but may be raised to the higher position to install onto the second circuit of Nora Lighting NT-2300 series two-circuit track.
